

Giving Tuesday 2021 Wish List

Sport Wheelchair

Sport wheelchairs give patients with reduced mobility an opportunity to gain the social and mental health benefits associated with physical activity. This basketball chair costs approximately \$6,000.

Hand Cycle

These bicycles allow for those without movement or strength in their lower extremities to cycle again! This Invacare Top End Excelerator Hand Cycle will cost approximately \$5,000.

Active Hands

These gloves allow patients with little-to-no grip strength to hold on to something. They are generally used for physical activity (i.e.: pool cues, badminton rackets, hammers) and cost \$130 per glove.

Page Turner

This allows patients with little-to-no hand movement to turn book pages while reading. These cost approximately \$30.

Book Stand

These stands enable patients with weak upper extremities to read independently in their wheelchair or in bed. They cost approximately \$200.

Other Items

Coloured pencils and markers

Gift cards to Dollarama and Walmart
