Ray Bouchard

Ray Bouchard is the President and CEO of Enns Brothers Ltd., a 68-year old agricultural equipment dealer in the Province of Manitoba. He is also a board member of Protein Industries Canada, the pan-Prairie supercluster, board chair of the Manitoba-based Enterprise Machine Intelligence and Learning Initiative (EMILI) and co-chair of the Manitoba Business Council's Integrated Water Strategy Committee.

Ray has been involved in the agriculture industry for over 40 years and has been intentional to give back to the community and the industry. Ray served as director, then president of the Canadian Association of Agricultural Retailers and received the President's award for his contributions to the association and the agriculture industry.

A long-standing member of John Deere's Dealer Advisory Group, Ray provided input and guidance on numerous strategic initiatives for John Deere across North America.

Ray's passion and vision for the future of Canadian agriculture is ambitious as he sees the long-term benefits for Canadians, the economy and the environment. Ray is committed to life-long learning and in 2017 received the ICD.D designation from the Institute of Corporate Directors.
